Data science and modeling in Python

Presented by:
- Steve Lantz - steve.lantz@cornell.edu
- Roberto Camacho - rcamachobarranco@utep.edu

Materials created by:
- Chris Myers - c.myers@cornell.edu

XSEDE

Extreme Science and Engineering
Discovery Environment

Goals for the rest of the day

1. Downloading workshop files: https://tinyurl.com/yyl3la9g
2. Digging into data with pandas & dealing with messy data
3. Analyzing historical wildfire data
4. Modeling and simulating wildfires
5. Running simulations on XSEDE/Stampede2
